EDGE FLOOR CASES

At the intersection of elegance and functionality is Edge. With 3/8" tempered glass, shelves simply float in mid air with minimal hardware to block your view. Edge features unique adjustable suspension rod support shelving system and long-lasting LED lighting for a purely contemporary edge. Satin Natural or Dark Bronze Aluminum framing secures the sliding glass doors and incorporates a built-in lock. Standard and custom laminates or colored backings are all available. Choose any Wilsonart laminate with any Morbern fabric to make your perfect combination.
